Estonian Government Office

Whole-of-government partnership 1.0

OECD Public Governance Review: TOWARDS A SINGLE GOVERNMENT APPROACH

- ① Promoting a “whole-of-government” approach in public administration
- ② Building a common agenda
- ③ *Promote **vertical and horizontal collaboration in service delivery** by reducing fragmentation of standards and approaches in administrative services through the creation of basic templates for common processes, decision making, and co- operation agreements.*

OECD Public Governance Reviews: Estonia and Finland

Fostering Strategic Capacity across Governments and Digital Services across

Partners

Both **ministries** recognize the limits of purely **ministerial** initiatives in today's global and interconnected world, particularly within the EU context. They therefore agree to look for synergies by establishing workflows and services that cut across borders.

synergies by establishing workflows and services that cut across borders ”

Coalition agreement 2015

8.30 We will decrease the administrative burden on businesses by continuing to address the issues that may ask and analyze the alternative regulation of micro-

How to achieve this?

8.62 We will continue to improve the e-environment that has been created to facilitate the activities of business start-ups, small businesses, and the communication with the state. We will automate the reporting.

Collaborative governance

- ① the forum is initiated by **public agencies** or institutions,
- ② participants in the forum include **non-state actors**,
- ③ participants **engage** directly **in decision making** and are not merely “consulted” by public agencies,
- ④ the forum is **formally organized** and meets collectively,
- ⑤ the forum aims to make **decisions by**

Whole-of-government partnership 2.0

① Ministry of Economics and

① Division of responsibilities – who takes the lead and what it really means?

② Ministry of Justice

② The role of clients – consultation or part of decision-making?

③ Ministry of Justice

③ Distribution of costs and benefits – how to share the profit?

◦ Business register

④ Business associations

“Task forces” in coalition agreement

8.70 We will establish a **public sector innovation** task force by the Government Office, which would be dealing with **public services**, **public procurement** and **social entrepreneurship**.

21.4 We will form a **social innovation** task force, working in the areas of **public services**, **public procurement** and

Features of task forces

- ① Composed of government agencies, interest groups and experts
- ② Headed by outside well-known expert
- ③ Clear objectives and time-limit
- ④ Separately assigned budget
 - Personnel costs
 - Analyses
 - Seminars and study visits
